Discrepancies In Date Of Birth Information

Discrepancies In Date Of Birth Information ^[1]

Submitted by Editor on Nov 11th 2014

Currently my I-140 is approved and now for the I-485 I need to present date of birth certificate. Problem is that DOB on certificate is correct and on all other documents including school, college, and passport and in all US records it is in correct. It started with wrong DOB in 10th certificate which was used in college, passport and finally all US documents. Now I went through all the channels and found the ways to change in passport and in all US documents. Question is what legal problems I should be prepared for and how it impacts my US records once it is changed. I am in US for last 7 years. I need to take decision on this as if it is worth doing it or just go back to India and may be forget about GC for this time. Really appreciate you taking out time for this kind of questions.
